CCM THROWS ANOTHER STAR PARTY!

An impromptu star party was held on September 14. Clouds made seeing the promised International Space Station difficult—but not impossible. It was there nonetheless. It also brought his telescope and for those who stayed until nearly 10 PM, two of the four “Galilean” moons of Jupiter were clearly visible and a third could be seen coming out from behind the gas giant. You had to look closely. For those who couldn’t see the third moon, there was a simple solution: Walk back over to the patio, pour another glass of wine

on September 14. Clouds made seeing the promised International Space Station impossible. Mary was the first to see it. It darted in and out of the clouds and was fun to view knowing that there were three men on it at the time. Lee and for those who stayed until nearly 10 PM, two of the four “Galilean” moons of Jupiter were clearly visible and a third could be seen coming out from behind the gas giant. You had to look closely. For those who couldn’t see the third moon, there was a simple solution: Walk back over to the patio, pour another glass of wine and, when the wine was gone, Presto, the third satellite was there!

Grandmother-hood is, in fact, all I dreamed of and more. Marshall is already 6 months old and learning something new every day. Marshall

regretting the closing of our cabin and have been postponing setting a date.

added a few new on-call caretakers over that last couple of months. Let's welcome Mary Daniels-Sandlin and Linda Johnson to our team. Also, Pat will be adding to her on-call duties as the new office assistant to help fill in

You will also notice the new speed limit signs we've posted throughout the parking lot. We are still experiencing a high volume of speeding. Please remind your visitors to abide by the speed limit also so we can continue to keep everyone out of harm's way!

REMINDER: To receive a \$200.00 bonus/rent credit, simply refer your family or friends to CCM. Wouldn't that be a great way to earn a little extra money for the Holidays!

Stay well....until next time...*Terese*

A MESSAGE FROM MARY

Happy Halloween to everyone and don't let the goblins get you. Have a great time at the party and maybe a goblin will stop in to visit that night.

I am glad to hear the garage sale went so well. I hope you got rid of some junk and picked up some treasures at the same time. Kathy said she is going to have a craft sale coming up in November, so be sure to watch the notices.

I would really like to give Darlene a great BIG Thank You for all the days she has worked in the office and being a caretaker, I am really sorry she had to leave, but I know things have to change and we must move on. Thanks for

always being there when Terese or I needed you. Take care of yourself and I will keep you in my prayers.

We have turned the boilers ON, so be sure to turn your heat off or way down if you have the windows open. Of course, if it is really nice out, the boilers will not give any heat. If it gets cold at night either close your windows or turn your heat off, please do not heat the outside. It is expensive enough to heat the building let alone the outside also.

I am really sorry to say, that the work on the balconies has been postponed until spring. I am sorry this has been such a damp and wet summer. At least we can be Thankful that we have not had any flooding and please keep those, who have lost so much due to water, in your prayers.

Don't forget to put the Christmas party on your calendar and plan on attending, we have a great time and the entertainment will be great. The party is a little later this year and will be held on December 14th.

See you around the building and until next month,

God Bless,

Mary

NOTES FROM OUR "SOCIAL DIRECTORS"

Hi all. October already, WOW!

The Garage Sale was a success. We had 17 sellers, and a lot of traffic considering it rained and we literally held it in the garage. It worked out fine and now we will never need a rain date. Thanks to all who participated and a special thanks to Dan Shinn, Ken, and Maryann Knoll for all your help!!

We had a nice time on our Casino Trip to TI. 17 people joined us. This month's excursion is to Hinckley on Thursday October 14th. Please see posted signs for details.

Our monthly brunch was very nice. The food and socializing is worth joining us at least once to see if you'll enjoy it. October's Brunch is Saturday the 9th at 11:30am.

We had a good crowd (31) at the Potluck. So much food to choose from and oh so good! Also we would like to give a special thanks to Norm (#323) for his awesome (homemade cherry pie) and John Aldrich for his expertise in the clean-up & dish washing department. October Potluck is on Monday the 25th at 5:30 pm so mark your calendar

now. Believe it or not it's our Halloween Party already. We'll celebrate on Saturday the 30th. Signs will be posted.

We are going to have a CCM Boutique/Craft/Bake Sale on Saturday November 20th. Notices will be put in the boxes outside your doors with all the details. It would be nice to have many of you join in this activity.

Police said a lawyer demonstrating the safety of windows in a downtown Toronto skyscraper crashed through a pane with his shoulder and plunged 24 floors to his death. A police spokesman said Garry Hoy, 39, fell into the courtyard of the Toronto Dominion Bank Tower early Friday evening as he was explaining the strength of the buildings windows to visiting law students. Hoy previously has conducted demonstrations of window strength according to police reports. Peter Lawson, managing partner of the firm Holden Day Wilson, told the Toronto Sun newspaper that Hoy was "one of the best and brightest" members of the 200-man association.

Editor's Advice: Don't ever bet your life on Windows not crashing!

#5: [The News of the Weird]:

Michael Anderson Godwin made News of the Weird posthumously. He had spent several years awaiting South Carolina's electric chair on a murder conviction before having his sentence reduced to life in prison. While sitting on a metal toilet in his cell attempting to fix his small TV set, he bit into a wire and was electrocuted.

#6: [The Indianapolis Star]:

A cigarette lighter may have triggered a fatal explosion in Dunkirk, IN. A Jay County man, using a cigarette lighter to check the barrel of a muzzleloader, was killed Monday night when the weapon discharged in his face, sheriff's investigators said. Gregory David Pryor, 19, died in his parents' rural Dunkirk home at about 11:30 PM. Investigators said Pryor was cleaning a 54-caliber muzzle-loader that had not been firing properly. He was using the lighter to look into the barrel when the gunpowder ignited.
